

QPC 30 M Portable Visualizer

The clearest choice in portable document cameras

Introducing a new portable document camera, the QPC30M, with built-in microphone and SD card slot. It has the same high-quality image QOMO users have come to expect from desktop document cameras, but in a portable, extremely light-weight package, and at an affordable price! The low energy consumption LED provides illumination in any condition while the camera mount has a fully-articulated structure allowing for flexible movement and positioning. The QPC30M is the perfect balance between quality and portability making it ideal for transportation and presenting in almost any situation.

- Brilliant 720p image with 7x optical zoom
- Clearly displays a FULL letter size document
- Switchable VGA input & video capture via USB
- Built-in microphone
- SD Card Slot
- Full image control with included remote (Title, Freeze, Split, Rotation)
